In the game of Minecraft there are different types of blocks such as Stone, Wood, Iron and many more. All of these blocks are available in every version but it is up to you to unlock more of them within each area you play on (this is known as saving worlds). Every version also includes a number of mobs. This is the name given to all of the characters you can see in game. Some of the mobs will be friendly while others will just want to hurt you (especially if they are hostile). But there are some friendly ones that will help you out!",

These kinds of mods only add weapons into your game so that you can fight other players and mobs. You can use these weapons in different ways to improve your performance in the games. They usually do not alter any existing blocks or features when they are installed. Mod Packs: Mod packs are a collection of mods that you download and install all at once. They often include a variety of different mods that work well together so that you can have all the blocks and features that you need at your disposal. This is one of the easiest ways to install Minecraft mods without having to find them all yourself!",
